Hello Victor,

I wanted to quickly pop in and see how everything was going with the portal this week? Very exciting that you were already able to use the neighbors feed to locate a potential suspect so that is fantastic! I wanted to follow up with some idea on the alert feature.

As your department is in the early stages of communication with this tool one thing we have seen that has been very successful is relaying or requesting information with the alert feature. This could be as easy as providing simple PSA's to the community or using it to post a BOLO with the suspects description.

If you have any incidents that have occurred it is always worth sharing this information as it helps illicit a response from the community.

Please let me know if you have any questions!

*Hello Sergeant Queiro,*

*Great connecting with you!*

*I know we are looking forward to March 1st Onboarding and to officially launching North Bergen on the Neighbors app platform.*

*In anticipation of the Onboarding, I wanted to introduce you to our PR Coordinator, Morgan Culbertson (CC'd) and provide you with the press packet of materials so we can start coordinating the initial announcement. The press packet can be viewed and downloaded in the dropbox found [here](#) and contains the following materials;*

- ***Press Release Template:*** Ready for you to review and customize with a quote, suggested edits to content and to incorporate into official Department release format. ***Be sure to share your edits with Morgan for a quick review prior to distribution.***
- ***Sample Social Media Posts & In-App Alert:*** Sample content to share across your existing social media platforms in tandem with the press release and In-App alert pushed by Ring to all local Neighbors app users.
- ***Talking Points & Reactive Q&A:*** Internal docs to prepare Dept. spokespeople to speak about the Neighbors app and our partnership with confidence and respond to commonly asked questions we have come to expect from the press and public.
- ***Neighbors App Logo & Imagery:*** High-res versions of the Neighbors app logo and other contextual images approved for use in press releases, social media posts and other public communications moving forward.
- ***Unique Neighbors App Download Link:***  
**<https://download.ring.com/northbergen>** Or, simply text 'northbergenpd' to '555888' from your smartphone.

*As a matter of practice, your portal features will be active and the In-App alert will go out to Neighbors app users and Ring device owners in your jurisdiction on the same day upon*

completion of your Onboarding. That being said, we want to make sure Departments have a date set with us and are prepared to announce via press release and posts on social media within a day or so of their actual Onboarding date or early the morning of.

Let us know when you have a target date in mind for rolling out the announcement and feel free to reach out with any questions in the meantime!

Best,  
NAME

**Pre-Remote OB (PR Intro + PR Materials) -- Done by AM as soon as OB Scheduled**

Great to connect with you once again Chief Pussehl and congrats to your Department on being the first agency in Michigan to officially launch on the Neighbors app platform!

In this dropbox folder you can view and download the announcement press packet which includes the following materials;

- 

**Press Release Template:** Ready for you to review and customize with a quote, suggested edits to content and to incorporate into official Department release format. Be sure to share your edits with us in a tracked changes version for sign-off prior to distribution.

- 

**Sample Social Media Posts & In-App Alert:** Sample content to share across your existing social media platforms in tandem with the press release and In-App alert pushed by Ring to all local Neighbors app users.

- 

**Talking Points & Reactive Q&A:** Internal docs to prepare Dept. spokespeople to speak about the Neighbors app and our partnership with confidence and respond to commonly asked questions we have come to expect from the press and public.

- 

**Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images approved for use in press releases, social media posts and other public communications moving forward.

Best practice thus far has been for Departments to announce via press release, posts on social media and the In-App alert within a day or so of their actual Onboarding date or early the morning of. Of course, that may be difficult given the short timeframe and turn around for us before tomorrow but just let me know what is doable and preferred for you all and I'll be on standby to assist.

*Being that you all are the first in the state (as reflected in release template in 'First-In-State' Folder), I'd say there's certainly a benefit in being as strategic as possible in deciding how and when you want to release based on your knowledge of the local media market, current press cycle, etc. in order to maximize the impact of the announcement.*

*Let me know when you anticipate wanting to rollout the announcement and if you have any questions in the meantime!*

*Best,*

*Dylan Judson*

Hey Victor,

I can take a look into getting some additional information for your department but I wanted to let you know any user that has filled out their application we sent over has a resources tab. Neighbor's Resources Page This is going to be a great tool that goes into the specifics of the information that we covered during onboarding. I would make sure that anyone that signs up looks at this.

Thank you for reaching out and hope you are having a great start to your week!

Hi Victor,

How is everything going so far? It looks like you have been doing a great job of responding to comments on the neighbors app so far.

I was curious if any of your investigative team had started using the video request function yet? One thing we have seen been very helpful for those reaching out for help from the community is posting an alert on the neighbors feed with pertinent information.

Please let me know if there is anything we can do to help!

Good Afternoon North Bergen Team,

I wanted to quickly follow up with some information I shared with Sgt. Queiro in a previous email last week. One thing I wanted to see if your department was open to was sharing more of the neighborhood alerts throughout your community.

As I have noticed an uptick in posts over the last few weeks this is a great way to request or share information in a proactive way. Anything from a BOLO to a community event would be appropriate for the portal. Below is a sample post many of our agencies do to get things started.

If you have any questions or concerns please let me know.

North Bergen Police Joins Neighbors!

**Address:**

Enter in an exact address, I recommend a more central part of your jurisdiction(Exact address is never shown to the public)

**Description:**

Hello North Bergen Community! This is Ring Team Judson from the North Bergen Police Department. Our department is excited to be joining the Neighbors by Ring app in efforts to reduce crime in our Community. This app will allow the North Bergen Police to inform the community of real-time crime and safety events so you can always stay informed. The Neighbors by Ring App also allows you, the user, to see something share something directly with North Bergen Police. You do not need Ring devices to participate, anyone with any camera system can upload content to the Neighbors App! We are encouraging each and every one of you to spread the word out to the community about the Neighbors App. To download please text "northbergenpd" to 555888. Remember if you see something share something and report it to the North Bergen Police # 555-555-5555

Thanks.  
Ring Team Judson

**Media:**

If you are not posting any video/picture I recommend adding in the department's LOGO in this spot! It will make your post stand out more.

Hello Victor,

Thank you for your time today, I wanted to send some information to recap.

First: In regards to sharing the information on social media your department has been doing a great job with the number of posts. However, I have noticed on a handful of the posts they have not included the unique download link when discussing the neighbors app or ring. Make sure any mention of ring and community events includes that # for an increase in downloads.

Second: I wanted to copy a great example of one of our agencies in Olathe Texas who did a great job with their raffle. I have copied the post below and attached a screenshot for your reference. They not only increased visibility on their neighbors page but also on their facebook as well with ways to ensure that the users were from their community.  
[https://www.facebook.com/pg/OlathePoliceDepartment/posts/?ref=page\\_internal](https://www.facebook.com/pg/OlathePoliceDepartment/posts/?ref=page_internal)

Third: I have attached another PDF for you to share on each of the social media platforms for your department. Make sure to that when something is shared on facebook that it is also shared on Twitter, Instagram and Nextdoor to ensure the most people possible see it.

Fourth: I wanted to see if you would be open to posting an alert on your neighbors page. Please let me know what you think of this introductory alert below.

1. Partnership Point of Contact - main point of contact(s) for the Ring partnership

Hi Victor,

How is everything going so far? It looks like you have been doing a great job of responding to comments on the neighbors app so far.

I was curious if any of your investigative team had started using the video request function yet? One thing we have seen been very helpful for those reaching out for help from the community is posting an alert on the neighbors feed with pertinent information.

Please let me know if there is anything we can do to help!

Best,

Hello Victor,

Thank you for your time today, I wanted to send some information to recap.

First: In regards to sharing the information on social media your department has been doing a great job with the number of posts. However, I have noticed on a handful of the posts they have not included the unique download link when discussing the neighbors app or ring. Make sure any mention of ring and community events includes that # for an increase in downloads.

Second: I wanted to copy a great example of one of our agencies in Olathe Texas who did a great job with their raffle. I have copied the post below and attached a screenshot for your reference. They not only increased visibility on their neighbors page but also on their facebook as well with ways to ensure that the users were from their community.

[https://www.facebook.com/pg/OlathePoliceDepartment/posts/?ref=page\\_internal](https://www.facebook.com/pg/OlathePoliceDepartment/posts/?ref=page_internal)

Third: I have attached another PDF for you to share on each of the social media platforms for your department. Make sure to that when something is shared on facebook that it is also shared on Twitter, Instagram and Nextdoor to ensure the most people possible see it.

Fourth: I wanted to see if you would be open to posting an alert on your neighbors page. Please let me know what you think of this introductory alert below.

### **Example LE POST.**

**Title:**

Sandy Springs Police Joins Neighbors!

**Address:**

Enter in an exact address, I recommend a more central part of your jurisdiction(Exact address is never shown to the public)

**Description:**

Hello North Bergen Community! This is Ring Team Judson from the North Bergen Police Department. Our department is excited to be joining the Neighbors by Ring app in efforts to reduce crime in our Community. This app will allow the Sandy Springs Police to inform the community of real-time crime and safety events so you can always stay informed. The Neighbors by Ring App also allows you, the user, to see something share something directly with North Bergen Police. You do not need Ring devices to participate, anyone with any camera system can upload content to the Neighbors App! We are encouraging each and every one of you to spread the word out to the community about the Neighbors App. To download please text "northbergenpd" to 555888. Remember if you see something share something and report it to the North Bergen Police # 555-555-5555

Thanks.  
Ring Team Judson

**Media:**

If you are not posting any video/picture I recommend adding in the department's LOGO in this spot! It will make your post stand out more.

Sergeant,

It was nice connecting with you today. To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

Thank you,

Stacey

To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

Sergeant,

It was nice connecting with you today. To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

I am sorry, that's not how the subsidy program works. The subsidy program is \$50 from the city/PD and \$50 for ring which is a \$100 coupon code.

We believe you will see more engaged users if they have to pay for some of the device themselves. If you give these out for free, less people may choose to activate them. I am reattaching details and goals of the subsidy program for your review.

It was nice connecting with you today. To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

I am sorry, that's not how the subsidy program works. The subsidy program is \$50 from the city/PD and \$50 for ring which is a \$100 coupon code.

We believe you will see more engaged users if they have to pay for some of the device themselves. If you give these out for free, less people may choose to activate them. I am reattaching details and goals of the subsidy program for your review.

Sergeant,

It was nice connecting with you today. To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and Ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

Thank you,

Sergeant,

It was nice connecting with you today. To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

Sergeant,

It was nice connecting with you today. To recap, it seems that you have secured your funding but are not positive of the amount, and would like to do a \$50/\$50 match which means that North Bergen PD would invest \$50 per household and ring will match the investment. It's up to you how many households you want to cover, Ring won't put a limit on this. Based on your population, I would recommend 300-400 households.

Attached is the agreement, please take a look at it and let me know if you have any questions.

Thank you,

Stacey

Good Afternoon Sergeant Queiro,

I came to Ring after 33 years in law enforcement, the last eight as a police chief in Wisconsin. My role here is to develop partnerships and support law enforcement.

Our Law Enforcement Portal allows agencies to post alerts, interact and comment on posts by users on the Neighbors app. On the intelligence side, the portal allows the agency to view posts by users in real-time, with a corresponding pin map showing crime trends and common suspects. For investigators, the portal allows agencies to see a map of active Ring devices (exact locations obscured for privacy) and directly request videos from those device owners when a crime occurs.

I will be in New York Thursday, December 13th. We could schedule a presentation the afternoon of the 13th (2:30PM or later) or the morning of the 14th.

Typically, command staff, PIO's, investigations and crime prevention/community outreach attend. The presentation runs 30-45 minutes with 15 for Q&A.

Look forward to meeting you.

Brad

My name is August Cziment and I manage a team here at Ring called Neighborhoods. We focus on developing partnerships with law enforcement agencies across the country. You had contacted our support team requesting the ability to respond to alerts as the **North Bergen PD**. That's definitely a feature we offer—amongst several others—to our partner agencies.

My colleague, Brad Wentlandt (copied), works specifically with agencies up and down the east coast. He will follow up and set up a time for you two to connect.

Looking forward to working together in the future.

Hey Victor,

Thanks for setting up the meeting yesterday. I'm excited to work with North Bergen. It's pretty clear your people get it! You've got a great department.

I'm waiting for your MOU to be signed by our legal. Hope to have it shortly. I'll then send back a fully executed copy.

While we're waiting, It's probably a good idea to start thinking about personnel who will fill key roles when we get portal up and running in North Bergen.

These key people will receive initial online training and access to the portal so they are "in the know" when we come out and do your in-person Department onboarding.

We'll need to identify (understanding the same person may serve more than one role):

1. Partnership Point of Contact - main point of contact(s) for the Ring partnership

**Sgt. Victor Queiro**      **[vqueiro@northbergenpd.com](mailto:vqueiro@northbergenpd.com)**

2. Press/Media Coordinator - typically the PIO who would work with Morgan from our team to coordinate the initial partnership announcement and ongoing PR moving forward.

**Sgt. Victor Queiro**      **[vqueiro@northbergenpd.com](mailto:vqueiro@northbergenpd.com)**

3. Social Media Coordinator - person(s) in the department

who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2)

**PO Bryan Suarez**      **[bsuarez@northbergenpd.com](mailto:bsuarez@northbergenpd.com)**

4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video.

**Lt. Bronson Jusino**      **[bjusino@northbergenpd.com](mailto:bjusino@northbergenpd.com)**

5. Community Relations Coordinator - person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc.

**Capt. Robert Farley Jr.**      **[rfarley@northbergenpd.com](mailto:rfarley@northbergenpd.com)**

It will be essential to have each of these personnel as part of the initial online training. Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership.--

When you have your people selected, please have someone send me an email with their contact info.

Hey Victor,

Thanks for setting up the meeting yesterday. I'm excited to work with North Bergen. It's pretty clear your people get it! You've got a great department.

I'm waiting for your MOU to be signed by our legal. Hope to have it shortly. I'll then send back a fully executed copy.

While we're waiting, It's probably a good idea to start thinking about personnel who will fill key roles when we get portal up and running in North Bergen.

These key people will receive initial online training and access to the portal so they are "in the know" when we come out and do your in-person Department onboarding.

We'll need to identify (understanding the same person may serve more than one role):

1. Partnership Point of Contact - main point of contact(s) for the Ring partnership

**Sgt. Victor Queiro**      **[vqueiro@northbergenpd.com](mailto:vqueiro@northbergenpd.com)**

2. Press/Media Coordinator - typically the PIO who would work with Morgan from our team to coordinate the initial partnership announcement and ongoing PR moving forward.

**Sgt. Victor Queiro**      **[vqueiro@northbergenpd.com](mailto:vqueiro@northbergenpd.com)**

3. Social Media Coordinator - person(s) in the department who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2)

**PO Bryan Suarez**      **[bsuarez@northbergenpd.com](mailto:bsuarez@northbergenpd.com)**

4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video.

**Lt. Bronson Jusino**      **[bjusino@northbergenpd.com](mailto:bjusino@northbergenpd.com)**

5. Community Relations Coordinator - person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc.

**Capt. Robert Farley Jr.**      **[rfarley@northbergenpd.com](mailto:rfarley@northbergenpd.com)**

It will be essential to have each of these personnel as part of the initial online training. Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership.--

When you have your people selected, please have someone send me an email with their contact info.

Good afternoon North Bergen Team!

I want you to introduce you to your Account Manager Dylan Judson! Dylan is an amazing resource who is going to be responsible for on boarding North Bergen and your support going forward.

Dylan will set up an online webinar to train this key group and give you an opportunity to work with the law-enforcement portal. After that, we will schedule an in person training session for the department.

Take it away Dylan!
